

Kekulé Postdoc Workshop: Women in Science
Bonn, December 19th - 21st, 2016
 Kekulé-Institut, Gerhard-Domagk-Str. 1, 53121 Bonn

Program

Tuesday, December 20th 2016

Lecture hall 2

09:15 – 09:30	S. Höger, D. Menche: Chemistry in Bonn
09:30 – 10:00	B. Esser, Universität Freiburg: Starting an academic career
10:00 – 10:15	Coffee break
10:20 – 11:10	Jovana Milic, ETH Zürich: Photoredox-Switchable Nanogrippers: Radical Control of Molecular Machinery
11:10 – 12:00	Agnieszka Nowak-Król, Universität Würzburg: Synthesis and Properties of Methoxy-Bay-Substituted Perylene Bisimides
12:00 – 12:50	Deborah Crawford, Queen's University Belfast: Large scale, continuous, solvent-free synthesis - Revolutionising the manufacturing of fine chemicals
14:10 – 15:00	Saonli Roy, Universität Zürich: Interaction of aromatic radicals with small molecules: Matrix Isolation and Computational Study
15:00 – 15:50	Jola Pospesch, Leibniz-Institut für Katalyse, Rostock: Arenophile-Mediated Dearomative Functionalization
15:50 – 16:40	Michelle Fernandez Bieber, MPI Kohlenforschung Mülheim: Total Synthesis: Approaches to Backbone Construction and Targeted Functionalization
16:40 – 17:00	Closing remarks
